Julia's has been established here in the Algarve for over 35 years. Located at the beach in Vale do Garrão, Julia's has always given a perfect blend of location, cuisine and friendly staff. Many of our regular clients state that coming back to Julia's feels like coming home!

We can cater for up to 350 clients at any given time. There is live music every Sunday afternoon and twice weekly Tuesday and Thursday from June until September.

There are 2 TVs for clients who wish to watch all the major televised sporting events while dining in our very special location on top of the beach with stunning views of the Atlantic ocean.

Our chicken piri-piri and grilled fish amongst many other dishes have been copied by many but still do not come close to the original and still the best!

For a more casual experience why not visit Martin and his staff in the beach bar. Beach bars are usually located on the beach as you would expect. Julia's is as good as this gets unlike some who are a long flight of steps away from the beach. Whether you wish to keep half an eye on your kids while having lunch, dinner or just a drink you will find that the beach bar at Julia's is a very special place to be. Our long term team of Martin, Bubé & Laura are all familiar faces to our many friends.

We look forward to seeing you again soon.

There are two golf courses here – North and South. The North course winds alongside a protected marshland for a number of its holes. The other holes run along the side of woodland and an orange grove. It has a blend of open and tight fairways. The South course is the older of the two and is built on the protected “Marismas” salt marshland.
